Outside Scholarship Opportunities

Listed below are some websites you can check out for possible scholarships or grants. Carefully review the requirements to be sure you qualify, and check with the sponsoring organizations to be sure you have submitted all the necessary documents.

In general, the smaller the geographical area a scholarship covers, the better your chances of receiving an award. Other ideas include looking for scholarships for residents of your town, county, and state. Then start looking at large national scholarships such as ROTC, National Merit, Bill Gates, Coca-Cola, and Robert Byrd.
