Unless otherwise specified, the 500-word essay should focus on a topic of your choice related to your desire to study abroad. You should mention whether or not you have studied or traveled abroad before. If you are applying for multiple scholarships, you do not have to provide duplicate supporting documents.

Scholarship application and supporting documents must be in our office by close of business on deadline dates. Incomplete files will not be reviewed.

It is our intention to announce scholarship winners before the confirmation deposit deadline for the corresponding term. Students who are awarded IP scholarships or scholarships administered by other FSU departments for use on an IP program should complete and submit the appropriate notarized deferment form indicating the amount of the scholarships award.

All scholarship availability is dependent upon availability of funding.

The following scholarships are not available to in-state/out-of-state students currently on the First Year Abroad (FYA) Program or First Semester Abroad (FSA) Program and those who are directly enrolled at FSU-Panama.
